

Safe Places

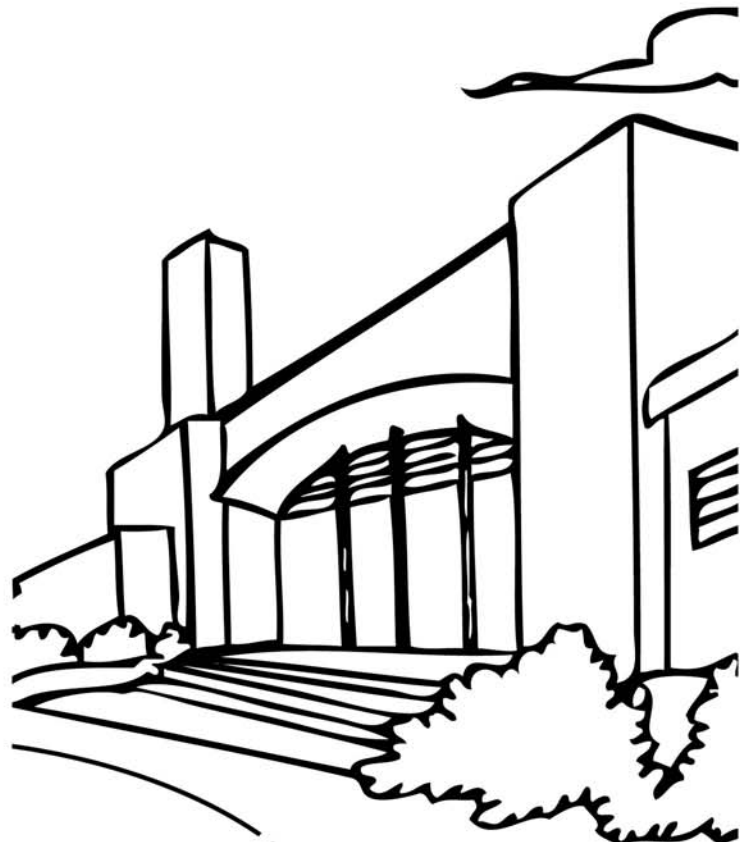

Safe places are buildings where we know we will be safe. They have safe grown ups inside. Our home is a safe place. Our friend's homes, our grandparents, the police station and our school (on school days) can also be safe places. Colour the safe places/people. Draw another safe place. Make a list of safe places in your neighbourhood.

Our home is a safe place.

The police station is a safe place. Police officers are safe people.

Draw another safe place in your neighbourhood!

On school days, our school is a safe place.
